

# Parasite

by Sydne Bell

20

Just a taste.

C'mon, one more bite.

Yeah, I ate -

Up your time tonight.

I would stay, but I can't believe.

That's my lipstick you like -

So with it, I'll write,

I can't help, but feeling like a parasite.

Sucking everyone else out with my life.

Doing this to you just doesn't feel right.

So,

Take your money. Keep your heart.

Cause there's no stopping once you start.

Can't help being born with knives.

I'm just a parasite.

Pa-pa-pa (x3) Parasite. Pa-Pa-Pa (x3) Parasite.

Yeah, you're giving me too many times.

I'm just a parasite.

What a waste.

A naked fight.

Don't you hate -

to compromise \*

Just the way it has to be.

You don't know what I'm like.

Let me stay a good time all tonight.

Cause -

I can't help, but feeling like a parasite.

Sucking everyone else out with my life.

Doing this to you just doesn't feel right.

So,

Keep your money. Take your heart.

Cause there's no stopping once you start.

Cutting it close to paradise,

But I'm just a parasite.

Pa-Pa-Pa (x3) Parasite. Pa-Pa-Pa (x3) Parasite.

Yeah, you're being way too kind.

I'm just a parasite.

I can't give what I've done.

Stop before you're another one.

Why're you such a beautiful vice?

God, stop saying I'm pretty when I cry.

Cause I can't take it, and -

I can't help, but feeling like a parasite.

Sucking everyone else out with my life.

Doing this to you just doesn't feel right.

I'll -

Eat your money. Eat your heart.

Cause there's no stopping once you start.

You know I'm right,

I'm just a parasite.

Pa-Pa-Pa (x3) Parasite.
