

# COSTUME PARTY! (\*Intro) by Sydney Bell

It's a costume party. Everywhere I see.

Bloody + bruised. We trick or treat a curse.

Why does it always scare 'em off -

When I tell 'em how much they mean to me? \*

Why do I have to mask my feelings? \*

When it's not Halloween? \*

Welcome to the masquerade. We're all afraid.

Cause if you see who I am would you give a damn? \*
